## Drums Go Bang, & Cymbals Clang ... HORNS JUST BLAZE AWAY

By Gene Budig

Elmwood — Seventy-six trombones? Hardly. Only 6 — and they're battle-scarred. Yet, Broadway's hit "Music Man" couldn't thrill this town's proud parents more.

The reason?

Their young ones, who come in all sizes and shapes (as do their instruments), combine hot air to form Elmwood's spint-sized community band.

Started last spring, the band has been showing progress measure by measure under the patient baton of Sanford Clements.

Getting musicians on the right pitch is nothing new for Clements who for many years taught music at Peru State Teachers College.

The 70-year-old maestro now serves as an Elmwood bank vice president.

## Crash Near St. Edward Kills Couple

St. Edward (P) — A one-car crash on a gravelled county road took the lives of a St. Edward man and his wife Friday afternoon.

The victims were Nel P. Johnson, 75, and his wife Tena, 72.

State Safety Patrol trooper Charles F. Harris said the Johnsons were alone in the car, which went into a ditch and crashed into a bank alongside a bridge over a dry creek bed.

Harris said a physician reported Johnson apparently had suffered a heart attack. The physician said Johnson had a history of a heart condition.

The deaths raised Nebraska's 1960 traffic fatality toll to 268, compared with 308 at this time last year.

# Bombings Mark Castro's 4th Anniversary

## U.S. Releases Million For Refugees

Washington (AP) — The United States Friday took a \$1 million step in behalf of Cuban refugees and in doing so officially described Cuba for the first time as a communist-controlled country.

The \$1 million was released for the aid of an estimated 30,000 to 40,000 Cubans who are in Florida and elsewhere in the United States as refugees from the regime of Fidel Castro.

The action was taken by President Eisenhower under a provision of the Mutual Security Act which authorizes assistance to refugees from countries when the chief executive judges such spending important to the security of the United States.

### Now It's Official

Many U.S. officials, from the President on down, have publicly expressed conviction that the Castro government is communist-dominated but Friday's action was the first which made the designation official under U.S. law.

Castro has consistently denied his revolutionary government is communist although some of his top aides are known to be Reds. But his growing hostility toward the United States has been accompanied by increasing friendliness with Russia, Red China and other communist nations. And he has received great qualities of arms and technical and economic aid from behind the Iron Curtain.

Tracy Voorhees, who has been investigating the Cuban refugee situation for Eisenhower, was given formal status Friday as the President's representative to administer the aid.

### ★ ★ ★ Foes Of Fidel Give Him A Hard Time

From Press Reports  
Havana — Bomb terrorism Friday marked Fidel Castro's observance of the fourth anniversary of his invasion of Cuba which toppled the Fulgencio Batista regime.

Explosions rattled windows in the suburban Vigora and Vedado Districts, the first within half a block of an Army barracks. A third bomb went off in a Justice Ministry courtroom. A fourth was found in a bathroom of the building before it exploded. A fifth unexploded bomb was found near the Cuban Electric Co.

### Nunez Target

Unconvinced reports said anti-Castro rebels attempted unsuccessfully last Sunday to kill a top Castro aide, Capt. Antonio Nunez Jimenez, the Agrarian Reform Institute head. Nunez was said to have escaped the ambush, near the International Airport, but 3 of his bodyguards were reported to have been killed.

Opinion here at every level indicates that as Castro's military strength rises — through the arming of militiamen with communist-supplied weapons — popular support of his revolutionary government falls.

### Priest Draws 3-Year Term For Abduction

Superior, Wis. (AP) — A 47-year-old Roman Catholic Priest, whisked rapidly through two court appearances after his return from Arizona, pleaded guilty Friday to a charge of abducting a 17-year-old girl and was sentenced to 3 years in state prison.

The Rev. Lawrence Dudink, former chaplain at St. Mary's Hospital, pleaded guilty in superior court to a state charge that he abducted Rosalie O'Connell of Gilbert, Minn. Nov. 8 from the hospital where she had been admitted a few hours earlier for treatment of a nervous condition.

Judge A. Walter Dahl pronounced sentence in an unusual closed court session. Maximum penalty for abduction ranges up to 15 years, the same as under the kidnapping charge which first was brought against Dudink.

Dudink, described by his society of Divine Word Missionaries superiors as a reformed alcoholic was arrested at a Phoenix motel last week. The girl was returned to the custody of her parents, Mr. and Mrs. Conrad O'Connell.

Authorities returned Dudink to Superior Thursday night. He was arraigned in municipal court earlier Friday afternoon on the amended charge of kidnapping, waived preliminary hearing and was bound over to superior court for appearance shortly thereafter.

Wisconsin statutes differentiate kidnapping and abduction of minors by requiring that a kidnapping prosecution establish the victim was held involuntarily.

A November traffic count did not justify a traffic signal, Lt. Smith said. However, addition of a service station and hamburger drive-in at the intersection should bring increased traffic and make signalization advisable by April, he concluded.

School stop signs are now located at Bradford and South, 30th and South, and Winthrop and South.

### \$147,500 Judgment Awarded

A U.S. District Court jury Friday found in favor of Donald T. Miller and awarded damages of \$147,500 in his personal injury suit against James A. Hahn, 23, of Chicago.

The jury reached its verdict after deliberating about 7 hours.

Miller, 23, former student from Mission, Kan., brought a \$740,000 suit against Concordia Teachers College at Seward, its officials and Hahn after being paralyzed from a shot fired by Hahn in the college dormitory on Jan. 23, 1958.

Judge Robert Van Pelt earlier directed a verdict in favor of Concordia College and its officials, leaving Hahn as sole defendant.

### College Protected

In his directed verdict, Judge Van Pelt ruled that Concordia College was protected by Nebraska's charitable immunity doctrine and though the college officials may have created the conditions leading to the shooting, their passive negligence was not the proximate cause of Miller's injury.

During his testimony, Hahn said the firing of the gun came after a drinking party. He said details of the shooting were hazy, "probably because I was so drunk."

In answer to a special question put to the jurors, they found that the shooting was unintentional.

Under court instructions, Hahn could be found liable for damages in the tort (wrongful act) whether intentionally or negligently caused.

However, legal observers point out that the assessed damages in an intentional tort can never be discharged by bankruptcy action, while a negligent tort judgment may be.

Attorneys for Miller have recommended that he appeal the court-directed verdict that the college is immune to the suit. The appeal would go to the 8th Circuit Court of Appeals.

Several attorneys present in court said they believed the award was possibly the highest ever given in a case of this kind in this area.

### WARM TEMPS SHOULD STAY ANOTHER DAY

Temperatures soared to 62 in Nebraska Friday, and the weathermen predicted another day of the balmy weather for the state Saturday.

Temperatures will reach the 50s Saturday under partly cloudy skies, with the possibility of light showers or snowfall in the extreme west by Saturday night.

Chadron and Imperial recorded the state high of 62 Friday and North Platte had the lowest reading of 9. Lincoln recorded a 54-degree high and a 32-degree low.

Opinion here at every level indicates that as Castro's military strength rises — through the arming of militiamen with communist-supplied weapons — popular support of his revolutionary government falls.

### Burney Sets Monday For Judge Choice

Gov. Dwight Burney said Friday he hopes to name a juvenile court judge for Lancaster County Monday morning.

The governor declined to reveal whom he is considering for the post.

At least 7 names have been recommended as possible choices by the Lincoln Bar Assn. and the Citizens Committee for Children.

Guy Birch, assistant U.S. attorney at Lincoln, appeared to be under strong consideration for the post. He is among 4 persons recommended by the Lincoln Bar.

Others are Homer G. Hamilton, assistant state attorney general; Thomas J. McManus, Lincoln attorney, and W. W. Nuernberger, Lincoln attorney.

Judge Robert Van Pelt earlier directed a verdict in favor of Concordia College and its officials, leaving Hahn as sole defendant.

The Citizens Committee reportedly submitted the names of Mrs. Norma Vermaas, former deputy city attorney; Dale Babcock Jr., admitted to the Nebraska Bar last June, and an unidentified third person.

### Warm Reception For Fred Waring

A warm reception from an audience of 4,712 brought a 40-minute encore at Friday night's Fred Waring Stereo Festival.

The crowd was one of the largest for a musical event at Pershing Municipal Auditorium.

The performance was sponsored by the Lincoln Community Concert Association.

### Man Injured In Revenge Attack

New York (UPI) — A 29-year-old man shot and critically wounded another Friday because, he said, the second man had stabbed his father to death last week.

Charles Norris, 32, was reported in critical condition in Kings County Hospital Brooklyn, where he was rushed after being shot 3 times.

Police picked up Robert Williams 6 blocks away. They said he admitted firing 5 shots at Norris because he said Norris stabbed Williams' father Percy to death last Friday night.

## Appointments Point Way

By WILLIAM O. DOBLER

The first three appointments of President-elect John F. Kennedy should be some indication of the course that his administration will follow over the next four years. These appointments are in three vital areas of operation — foreign affairs, general economics and the public welfare. These are the things which Kennedy stressed in his campaign and his early action in these areas might be interpreted as a sign that he intends to proceed as promised in his campaign — held back but little by the narrowness of his victory.

Of considerable significance was the appointment of Gov. G. Mennen Williams of Michigan as assistant secretary of state in charge of African affairs. Kennedy himself emphasized the importance of this job and the fact that the appointment was made prior to the announced selection of the new secretary of state must be given some consideration. It is another indication of the magnitude of the job, as Kennedy sees it, even though Williams has probably been agreed to by whoever is slated to become secretary of state. The post to be filled by Williams is one which has been held in the past by career men in the State Department.

This seems to be a further departure from the routine and, therefore, another point of emphasis on this position. As to Williams himself, he is considered by most to be middle of the road in his political philosophy but possessed of convictions that substantial improvements are needed in our foreign affairs. Thus, it appears to be reasonable to assume that Africa is going to receive attention in the future such as it has never seen before.

It means that the U.S. policy is not likely to be one of drift but rather, active pursuit of the establishment of democratic governments in the newly emerging countries of this continent. What specific form this action will take is unknown at this time but a drive for economic stability, better education and industrial development within these new nations will undoubtedly be a part of what the U.S. attempts to do.

Another governor, Abraham Ribicoff of Connecticut, was tabbed by Kennedy to head the important cabinet post of secretary of Health, Education and Welfare. Again, Kennedy himself placed a great deal of emphasis on the importance of this job and the President-elect considers Ribicoff, a fairly progressive Democrat, as one of the key figures in his cabinet. The Connec-

## The Plight Of The Migrants

A highly developed sensitivity to social imbalances and injustices has caused Edward R. Murrow to cast away many high and lucrative stations commonly associated with outstanding success. But in turning his great natural endowments toward others who share the task of being the public conscience he is serving America uniquely well.

His latest service was connected with a television portrayal of the problem of the nation's migrant workers. The result has made many Americans pensive. There is nothing really physically or mentally wrong with the migrant workers. They are people simply caught in the vicious circle of poverty and ignorance. They haven't the means to break away from their subsocial life and the lack of it prevents them from breaking a state of mind that too often makes a breakaway undesirable. Clearly they are a people whose betterment re-

## Change For The Better

Commenting on 40 years of service on the County Mental Health Board, Lincoln Atty. C. L. Clark noted that tremendous advances have been made in the treatment of the mentally ill. Forty years ago, he said, the mentally ill were sent to the State Hospital and forgotten about for the rest of their lives. But today, two out of every three persons sent to the hospital will be released after treatment.

In no other area of life today can there be found more encouraging words than these. The greatest waste in the world now is the waste of human life and it comes about in many ways. Simple lack of knowledge can be the cause or it might be the result of lack of communications and contracts between the various civilized parts of the world.

We do not yet know everything there is

### Minorities Don't Favor Fulbright

WASHINGTON — President-elect Kennedy has had to do some difficult soul-searching regarding the qualifications of his friend, Sen. William Fulbright of Arkansas to be secretary of state.

Along with the senator's profound knowledge of foreign affairs, his great help to Kennedy during the campaign, and his standing with the Senate, Kennedy has had to weigh two serious political strikes against Fulbright.

Strike No. 1 is the fact that he comes from Arkansas and would be labeled by the communist propaganda artists as the "secretary of state from Little Rock." Actually Fulbright is not from Little Rock. But this would make no difference. All through Africa, with the new sensitive Negro republics, and all through Asia, even through Latin America with its Negroid-Indian population, Fulbright would have an important strike against him.

Actually Fulbright is no friend of Gov. Orval Faubus. Faubus might even try to defeat him for the Senate. But that makes no difference where the world propaganda mills are concerned.

Fulbright signed the Southern manifesto against the Supreme Court for its school integration decision, also voted consistently against civil rights. And this is what will be used against him by the propaganda mills.

At first Jewish voters were a bit skeptical about Kennedy didn't like the neutralist position of his father when ambassador to England. But when they saw Kennedy being immersed because of his religion, almost every Jewish community in the United States rallied to his support, raised money and campaigned for him. They were a decisive factor in his election.

This was called to Kennedy's attention by none other than his running mate, Lyndon Johnson, during their talk at LBJ's ranch.

Johnson has a high regard for Fulbright, but he also knew firsthand of Fulbright's battle on the Senate floor last May against a freedom of the seas amendment to the foreign aid bill favoring the passage of Israeli ships through the Suez canal and also condemning the Arab boycott of vessels sailing to Israeli ports.

Kennedy has also had to consider the fact that the

### Humphrey Willing To Play On Team

Washington — Sen. Hubert Humphrey, the Minnesota liberal, has agreed to seek the post of Senate majority whip at the wish and request of President-elect John Kennedy. The choice was cleared with prominent Southerners, including their principal legislative strategist, Sen. Richard Russell of Georgia.

The way now seems clear for the present more conservative whip, Sen. Michael J. Mansfield of Montana, to succeed to the majority leadership about to be vacated by Vice-President-elect Lyndon Johnson. Both Mansfield and Humphrey are internationalists and members of the Senate Foreign Relations Committee; they will readily accommodate themselves to Kennedy's foreign policy in principle if not always in detail.

Senate liberals unhappy over the Johnson policies of seeking dead center and accommodating himself to the Eisenhower White House will retain a measure of fear that Mansfield will operate in Johnson's shadow. The liberals and southerners alike would find it difficult to oppose the new setup. It is understood other potential candidates for whip, including Sen. George Smathers of Florida, have already bowed out.

This restriction was removed by Frank D. Roosevelt. During his administration, the presidential press conference developed into a wide open forum of questions and answers. Roosevelt did, however, require that he not be quoted directly unless specific permission was obtained.

President Eisenhower removed this last remaining restriction. He permitted radio and television recordings and direct quotation from stenographic reports of his remarks.

If President-elect Kennedy is inclined to make any changes in the conduct of his press conferences, we hope one will be in the direction of greater frequency and regularity.

Arise, my soul, arise;

He ever lives above,  
For me to intercede;  
His all-redeeming love,  
His precious blood to plead;  
His blood atoned for all our race,  
And sprinkles now the throne of grace.

The Father hears Him pray,  
His dear anointed One;

He cannot turn away

The presence of His Son;

His Spirit answers to the blood,

And tells me I am born of God.

My God is reconciled;

His pardoning voice I hear;

He owns me for His child,

I can no longer fear;

With confidence I now draw nigh,

And "Father, Abba, Father", cry.

By HORACE B. POWELL

The idea that sinning humanity, no matter how wide its wanderings, may find forgiveness and peace in Christ who died to atone for the sins of the world is beautifully expressed in this seventeenth century hymn.

It was written by Charles Wesley, the singing half of the famous Wesley brothers' partnership, and made its first appearance about 200 years ago in a volume of "Hymns And Sacred Poems" where it carried the title, "Behold The Man".

Through the years it has been a favorite soul-winning hymn and has been much used by evangelists and missionaries.

### Inbreeding

Lincoln, Neb.

"Study Shows Nebraska College Faculty Inbreeding Considerable," is the title of a news release in the press of November 26. This press release covers one of the six studies being made in Nebraska of higher education by Dr. Lyman Glenny of California under the sponsorship of the Legislative Council. This particular report was prepared by Dean Frank Weyer of Hastings College and Dr. Mark Hobson, dean of the College of Engineering of the University of Nebraska. The report that interest me, as they will other members of the university's faculty.

Inbreeding means the employment of a staff member by the institution where he received his last and usually his highest degree. I am an inbreeder for I received my doctorate degree at the university in 1921. This subject has been bandied about numerous times at the university.

When it is, I wince a bit, say nothing, and go about my business.

There are at least three types of inbreeding. In one type, the undergraduate and graduate training of the individual has been completed at the institution in which he is employed. Another type involves the person who has taken his undergraduate training elsewhere, but his graduate work at the institution where he is employed. The third type, although there are not many of them, involves the person who has completed his graduate training at said institution, but prior to his employment has been associated with some other educational institution or employed in the industries.

In my own case, I completed three years of college work at a western New York liberal arts college.

# Jefferson County Court Decision Is Reversed

The Nebraska Supreme Court said Friday Jefferson County District Court erred in finding Marvin Harger guilty of obtaining money under false pretenses.

Harger, after being found guilty by a jury, was sentenced to one year in the men's reformatory.

The information against him charged that he falsely, knowingly, designedly and unlaw-

fully promised to marry Jan-  
ice Kasperek; pretended that he was placing himself in a position to marry her; and if she furnished money to make payments on an automobile owned by Harger she would have an interest in the car.

The record showed that she gave Harger \$400, some of it for car payments.

In reviewing the case, the high court said the promise

of marriage was proved and it was also shown without contradiction that Harger said he would attempt to put himself in a position permitting him to perform an agreement of marriage.

"He did not however put himself in a position to contract a marriage," the court noted.

Harger was already mar-

ried and Miss Kasperek knew this.

Actually, it was not Harger but Miss Kasperek who breached the agreement, the court added, after pointing to some of the testimony in the trial.

"There was total absence of proof that the promise of marriage in light of existing conditions was in any way false and fraudulent," the supreme court said.

## MEETING SET FOR GOVERNING BOARD PLANS

Plans will be discussed this week end in Lincoln for the 39th annual meeting of the nation-wide Association of Governing Boards of State Universities, which will be held at the Nebraska Center for Continuing Education next summer.

Ten members of the executive committee, including Dr. Ben N. Greenberg of York, vice president of the Associa-

tion and member of the University of Nebraska Board of Regents, will meet Saturday afternoon and Sunday at the Cornhusker Hotel.

The association is a non-profit organization of regents and trustees of 230 tax-supported colleges and universities in 47 states and Puerto Rico.

Attending the meeting, besides Dr. Greenberg who will act as host, will be: Presi-

dent Ralph L. Miller of Orlando, Fla., member of the Florida Board of Control.

Vice President Roy Rowe of Burgaw, N.C., trustee of the University of North Carolina.

Vice President Eugene B. Power of Ann Arbor, Mich., chairman of the Board of Regents of University of Michigan.

Secretary-Treasurer Barnard Houtchens of Greeley,

Colo., member of the Trustees of State Colleges in Colorado.

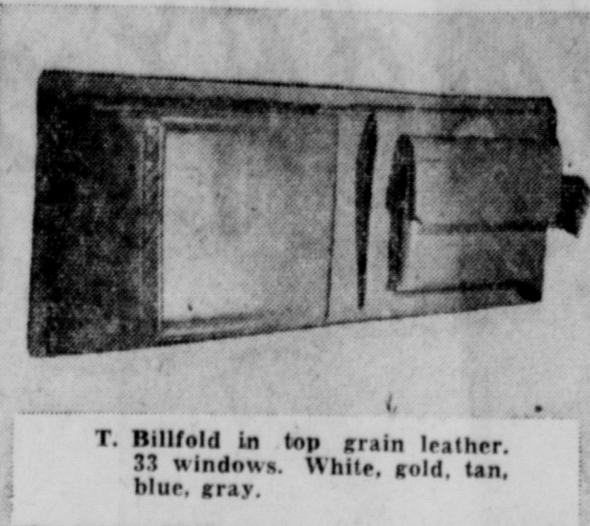

Executive Committee members: John L. King of Seattle, Wash., member of the University of Washington Board of Regents; Mrs. C. E. Howard of Edina, Minn., member of the University of Minnesota Board of Regents; John W. Newmire of Beaumont, Tex., member of the Board of Directors of Texas A & M College System; Dr. Milton W. Durbin of Washington, D.C., regent of Washington State University; and Mrs. Virginia Blue of Denver, executive secretary of the Association.

Land snails are generally harmless creatures, but a few sea snails are poisonous. The brown tree snail, an Australian snail native to the Queensland coast may cause painful illness or even death.

GOV. DAVIS NOT GIVING UP-

# School Block Gets Looser

New Orleans (AP) — A white boycott of New Orleans' integrated schools loosened still more Friday but Gov. Jimmie H. Davis pledged a continuing fight for segregation.

And, the Louisiana legislature moved quickly along the road toward state aid to those parents who want to send their children to private segregated schools.

Ten white and one negro pupils attended classes at William Frantz School and 3 negro girls attended McDonogh No. 19.

Only 6 white children attended school at William Frantz Thursday.

## Feelings High

Feelings among the women picketing both schools still ran high, however.

It was comparatively quiet at both schools. Most vocal moment came around noon when the Rev. Lloyd Foreman escorted his kindergarten daughter, Pamela Lynn, and a little boy out of the school for the day. Mr. Foreman came out the door which put him directly across the street from massed pickets.

While the pickets jeered and hooted, Mr. Foreman stood — his daughter's hand in one of his, the little boy's hand in the other. He faced the crowd squarely and stared silently, with expression at the catcalling women.

Near-freezing temperatures — the thermometer read 35 degrees in the city — chilled the hot tempers of the demonstrators at the Frantz school.

**Suffering**  
"You don't know how we are suffering," one woman told a reporter.

The newsmen told her she could go home.

"You think we don't have to stay?" she shot back. "We're working, too; we can't leave."

"I just came down from Mississippi," one picket at McDonough No. 19 said, "and the folks back home said keep giving 'em Hell."

**Far Away**  
The day's principal developments came far from the two schools.

In Baton Rouge, the state house of representatives passed a key bill to provide grant in aid funds for parents who wish to send their children to private schools.

The bill, passed without debate, went to the senate on an 840-vote.

One state representative — Arthur Craig of New Orleans — explained the measure to the house and said there was

## Brockmeier Head Of Cosmopolitans

Herman Brockmeier was named president of the Lincoln Cosmopolitan Club in an election Friday. He succeeds Wayne Baldwin.

Other officers elected were: Bill Carley, vice president; J. S. Roach, secretary; and Harry Gates and Verne Fraudt were elected to the board of directors of the club's charities foundation.

## Eaton Visits Reds

Moscow (UPI) — Visiting Cleveland industrialist Cyrus Eaton, friend of Soviet Premier Nikita S. Khrushchev and winner of the Lenin Peace Prize, held a "cordial conversation" with Communist Party Secretary Frol Kozlov and Cultural Relations Minister Georgy Zhukov, the Soviet agency Tass reported.

nothing in the bill to tamper with the public school system.

Just where such money would come from was the question.

## Continue Fight

Gov. Davis said the state would continue to fight for school segregation. If another special session is needed, he told a Baton Rouge press conference, he would call one.

On the question of funds to finance another special session or private schools, Davis told reporters:

"We'll sell some butter and eggs — or something."

"I don't believe in integrated schools," the governor said. "We'll do all we can. It's a little difficult to know what you'll do and where ..."

## Gov. Burney Gives Plug To Utilize Air Service

Governor Burney has sent a letter to every department in state government to encourage utilization of airline service for state business.

Burney suggested a "re-evaluation of each departmental need for transportation ... in an effort to determine every possible, reasonable means for utilization of commercial air transportation in the day-to-day functions of state government."

Enclosed in the letter was a comparison between automobile travel and air travel.

"Considerable savings can be realized in per mile costs and a great deal more productive time obtained by using the airline service," Burney said to help the situation which he called "most important and highly critical."

## May Lose Some

Although he made no specific mention to Frontier Airlines in the letter, Burney said the state "is facing the possibility of losing some of its air service unless it is used more actively by its citizens."

Frontier wants to discontinue service on its northern Nebraska route entirely and part of its service on the southern route.

## Taxes On Liquor Down For Month

The tax on spirituous liquors brought the state \$213,398 during November, the State Liquor Commission said today.

Other tax revenues for the month: fortified wine, \$25,132; light wine, \$3,750; beer, \$70,151; license fees, \$2,250; registration fees, \$120; shipper's permits, \$100; and miscellaneous, \$12.

Total revenues came to \$314,915, compared with \$324,075 for the same month last year.

Revenues for the first 11 months totaled \$2,554,928, compared to \$2,524,588 for the corresponding period in 1959.

Frontier is continuing service on these routes but only because of state injunctions to do so.

## 3 Goals

Burney said, "traveling Nebraska's airline network can accomplish 3 objectives:

—more efficient management of employees' time.

—saving to the state in travel and enroute expenses.

—save our airline network so desperately needed for the economic development of Nebraska."

Burney noted that existing routes under temporary certification are faced with a "use it or lose it" ultimatum.

He said the Civil Aeronautics Board has placed the responsibility of producing sufficient traffic with the cities on these routes along with the Department of Aeronautics' stimulation program.

He said the air transportation education division of the department is "searching every possible avenue of potential air traffic within the state to bolster the passenger count on all airline routes."

The 40% increase in 1959 over 1958 in national newspaper advertising investments by manufacturers of sporting goods is a reflection of the American trend toward more and better leisure time activities.

## Church Groups Added To Community Council

The Lincoln Council of Churches and the Lincoln United Church Women were named to membership in the Lincoln Community Council at an executive board meeting.

The new members bring the council membership to 61. The council is open to public and private organizations and individuals interested in social welfare activities of the community.

James Leslie, business manager for Bryan Memorial Hospital, was named chairman of the fact-gathering committee to determine "the nature and volume of accidents in the Lincoln area." The committee formation is a step toward organization of a community safety program.

Members named to the safety fact-finding committee include Henry Greenwalt, Emmett Junge, Allan Kormsmyer, Grant Reed, Andrew Remmenga, Dr. John Thompson, Dr. George Underwood and Lester Jensen as ex-officio member. Jensen is chairman of the council's safety coordinating committee.

**Reorganization**

Miss Florence Brugger, chief of social work service at Veterans Hospital, was named chairman of the family and children's section of the council. The section will be reorganized in January to provide an exchange of information among agencies and individuals in the field.

**Study Alcoholism**

Named chairman of an implementation committee to choose personnel to consider the problem of alcoholism in Lincoln was Mrs. Hulda Roper of the Lincoln Police Dept.

The group chosen will make recommendations to the executive committee of the council on whether such a study should be made, and will gather information from other cities on the problem of alcoholism.

Others named to the implementation committee are Joe R. Seacrest, Miss Phyllis Samuelson, Dr. George R. Bancroft, Mayor Bartlett E. Underwood and the Rev. John Boyles, Ralph Harlan, Elmer R. Waser.

## GOSPEL of HEALTH

Christ cleansed the Leper and hope, instead of death, brought relief. Through the grace of God, Leprosy has been conquered. One by one the curses of disease and pestilence give way before the Christian Gospel of love and healing. *Every good physician, every ministering nurse, every great hospital is a product of the healing ministry of Jesus...the Great Physician.* Is your touch always a healing touch?

Have you today tried to heal a hurt, to mend a heart, to lead a friend to church? Everyone of us ought to be some sort of missionary, or nurse, or healer of the hurts of those who cry for help. Oh, God, never let us add to the total of human misery and pain.

**TRUST  
ONLY  
IN  
HIM**

**YOU IN THE CHURCH  
THE CHURCH IN YOU**

Character is a by-product of the church. It is here that young and old alike are showered with benedictions that family and influence for a better citizenship and a stronger democracy. In the church the ministerial are molding religious character. Statesmen today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday. "You in the Church and the Church in you" form a combination for good. Be a regular CHURCH GOER and a daily BIBLE READER.

# News Of Suburbia

ent for the occasion will be Mrs. R. T. Ruegg, Ann's great grandmother.

## CASINO HEIGHTS

Now residents of the suburb are Mr. and Mrs. Dean M. Connell and their three children, four-year-old Susan, Mark, who is two-years-old, and 11-month-old David. They moved two weeks ago from 4000 M to 5401 M.

And the former occupants of that M Street address, the Ralph Reed family, have moved from Lincoln to the warmth and sun of Phoenix.

It is our pleasure to introduce little Miss Virginia Edwina Hersey, daughter of Capt. and Mrs. Walter Hersey, who made her debut on Tuesday, Nov. 22, at Lincoln General Hospital. Among her admirers are her sister, Ruth, and her brother, Walter, Jr. Mrs. Hersey is the former Dorothy Bell. The maternal grandmother is Mrs. Michael Schultz of Washington, Pa., and Mrs. Luvica Jackson of Claysville, Pa., is the paternal grandmother.

## PARK MANOR

Looking ahead to Wednesday's social calendar we see that Mrs. Grant Johnson will be hostess at a coffee at her home. The guest list will include Mrs. Pat Healy, Mrs. Francis Neumeyer, Mrs. George Binger, Mrs. Richard Schwieger, Mrs. Joe Uribe, Mrs. Stewart Maseman, Mrs. Don Bergmann, Mrs. Wayne Niemeyer, and Mrs. Dale Blythe.

The welcome mat is out this morning for Mr. and Mrs. Albert P. Schwarz. Formerly residing in Des Moines, the couple moved into the home at 1731 E. Manor Dr., several weeks ago.

Heidi is pictured (seated at left) with Mrs. Mack and Raymond, and (seated on the floor) Michael and Linda Lee Mack.

Arriving in Nebraska a week ago was Miss Heidi Kast, daughter of Mrs. Delbert R. Mack, who will spend six months in Lincoln as the guest of Park Manor residents, Sgt. and Mrs. Mack and their three children.

This is the first visit in six years the 17-year-old

## SOUTHBROOK SUMMIT

Visitors in suburbia this week end will include Mr. and Mrs. Harold Coble of Broken Bow, Mr. and Mrs. C. S. Ruegg, Miss Sandra Hill and Mrs. Mary Jensen all of Omaha, who will be

in town for the christening on Sunday of Miss Ann Louise Coble, four-month-old daughter of Mr. and Mrs. Dwain Coble. Mr. and Mrs. Coble and Mr. and Mrs. Ruegg are grandparents of the baby and Mrs. Jensen is her great-great aunt. Also pres-

Opening lead — two of a hand.

How does declarer go about planning the play of this hand? He sees that he must lose a spade trick, come what may. He doesn't know where he stands in hearts. He may lose one, two, or no trump tricks, de-

pending upon how the defenders' cards are divided.

In diamonds he has one loser, while in clubs there are no losers, provided he can successfully ruff two clubs in dummy.

There is no way for South to predict the outcome of the hand when West leads a spade — everything is in a state of uncertainty.

But he wins the spade with the ace and promptly returns a spade. There are two reasons for this play. One is that it is not a bad idea, when you don't know what to do, to hand the ball to the opponents — they may not know what to do either, and might make a helpful play.

The other reason is that it is not at all impossible to establish the spades in dummy, and that could come in handy later in the play.

East wins the spade with the king and returns a diamond. South plays the queen

hopefully, but West covers with the king, and dummy takes the ace.

Now a spade is led, East showing out, and declarer ruffs. Then, after playing a club to the king, South ruffs dummy's fourth spade, finally establishing the ten as a trick.

The hand is shaping up nicely by now, and, barring an unusual break, the contract is in the bag. South leads the ace of hearts. Nothing significant falls. He then cashes the ace of clubs and ruffs a club in dummy.

On the ten of spades he discards the nine of diamonds. West, who happens to have the K-J of hearts, can make only these two tricks. It would have made no difference if East had held them.

The long view, taken at the start of the hand — that an extra spade trick might eventually be established — pays off at the end.

## Dear Abby

Abigail Van Buren

DEAR ABBY: Our mother, age 70, eloped with the real estate dealer who sold her lovely big home for her. He claims to be 65, but he looks much younger. No one knew she was even interested in getting married again. She had been a widow for 14 years.

Mother isn't the smartest woman in the world and we think perhaps she has become old and foolish. This man is a pretty fast talker and since he knows there is community property in this state, he put over a pretty sweet deal for himself. All mother's holdings were to be divided equally among her children when she dies, but we understand that has been changed. Is it possible for children to get a parent's marriage annulled?

## CONCERNED

DEAR CONCERNED: It's possible, but you'd better talk to a lawyer about the probabilities. Are you sure your mother is "old and foolish" — or are you children just young and selfish?

## PARK MANOR

DEAR ABBY: I don't claim to be an expert cook, but one thing I make that everybody raves about is spaghetti. I entertain very informally, and always include some single people who eat out a lot, so maybe that's the reason why they are so appreciative and lavish in their compliments.

## BARBARA

DEAR BARBARA: Tell him you can't go steady because your mother doesn't "approve." There's nothing babyish about respecting your parents' wishes.

If you have a problem, write to Abigail Van Buren in care of this paper. She will be glad to answer your letter. For a personal reply, enclose a self-addressed envelope.

DEAR ABBY: I am 13 and my mother said if I started to go steady she would tan my hide. A real cute guy by the name of Jeff asked me to go steady. I can't say "Yes," but what reason can I give him? I hate to say, "My mother won't let me." (It sounds so babyish.) Please answer soon, because he wants to know right away.

# Interstate Summer Target Date Set

The Lincoln-to-Omaha segment of the Nebraska Interstate Highway could be ready for travel by mid-summer with a favorable-weather spring for construction work, Interstate Engineer Steve Gilbert said Friday.

Gilbert noted that the Platte River Bridge will be completed as to piers and concrete flooring "with 10 days more of reasonably good weather."

Though 3 to 4 months of construction remain on several smaller bridges and a railroad overpass, progress has been good, he said. Five miles of paving remain to be completed west of the Platte bridge.

"With an open spring," he said, "the segment will be complete by mid-summer."

## Downtown Delayed

However, Lincoln's downtown access road to the Interstate will not be complete until late 1962.

Acting State Engineer John Hossack said the portion north of Oak Lake might be ready by the end of 1961, but that the 9th and 10th street legs south of the lake could not be ready until late 1962 under most favorable conditions.

The University of Nebraska has appealed to the Highway Advisory Commission to move the Lincoln north-bound access leg further west from the University campus. The commission agreed the Department of Roads would cooperate with the University in a cost study.

## State Claims Obbink Lacks Valid Defense

The state of Nebraska, in a demurrer filed with the state Supreme Court, said the answer of atty. Joseph Ginsburg "does not raise a valid defense" for Jack Obbink, fired as state aeronautics director by Governor Burney.

On Nov. 21, Ginsburg filed an answer with the high court requesting a hearing for Obbink.

Ginsburg said no legal cause, basis or reason was given for the dismissal and that Burney never instituted "any proceeding, inquiry or investigation" to determine the existence of legal cause or grounds for the firing.

## Fired After Flight

Obbink was fired after the governor said he was unable to explain satisfactorily a trip to Kansas City in September in a state plane. Among the passengers was Robert Kennedy, brother of President-elect John F. Kennedy.

A demurrer is a legal proceeding which contends that the facts in a complaint, or answer, are legally insufficient for favorable judgment.

The state demurrer was filed by Atty. Gen. C. S. Beck and assistant atty. gen. Gerald Vitavas.

of obtaining right-of-way cost estimates has been left to the University.

The report on construction and right-of-way cost comparison is due at the Jan. 23 meeting of the highway commission.

The department has said the route can be relocated if funds for the additional cost can be found elsewhere.

## State To Dissolve Corporations For Tax Delinquency

Secretary of State Frank Marsh said that approximately 150 foreign corporations and 900 domestic corporations may be dissolved Jan. 3, 1961, for non-payment of occupation tax and failure to file annual reports as required by law.

Marsh said these delinquent corporations could save themselves a "great deal of expense and detail work" if they corrected their status before Jan. 3, 1961. Marsh said the foreign

corporation occupation tax is based on the amount of the property owned and used by the corporation in Nebraska.

He said the domestic occupation tax is based on the amount of paid up capital stock of the corporation.

"Some of these corporations, both foreign and domestic owe taxes for the years 1959 and 1960 and some owe for only the year 1960," Marsh said.

He said taxes for both

years are now delinquent and will have a 15% penalty per year assessed.

# Court Rules In Favor Of Miles W. Johnston

The Nebraska Supreme Court Friday ruled in favor of Miles W. Johnston in recovering \$500 in a contingent fee contract for services rendered to Arthur and Leversa Mae Robertson.

The action invoked recovery of real estate in Lincoln.

The high court opinion affirmed a Lancaster District court decision. Motions to set aside the verdict of the jury and judg-

ment on the verdict were overruled by the trial court.

Johnston claimed the value of the property recovered was \$6,000 and that the Robertsons had agreed to pay him one-third of the value of the recovery.

Johnston later reduced his fee to \$1,500 and said the Robertsons had paid him \$200.

Robertson said he could not afford the \$1,500 but could obtain a loan for \$500 which

amount the district court said should be paid to Johnston.

The Robertsons alleged they had a claim against Richard and Sophia Ferguson, the persons who were in possession of the property, in the sum of \$2,325 for rent.

The contention of the Robertsons was that Johnston agreed to handle the case on a contingent fee basis of one-third of moneys recovered, and if no judgment was obtained for moneys recovered

they would pay him \$250 for clearing the title and getting possession of the property.

The Robertsons obtained possession in March of 1959.

# DOUGLAS CO. GRAND LARCENY CONVICTION UPHELD

The conviction of grand larceny in Douglas County District Court of John S. Davis was affirmed Friday by the Nebraska Supreme Court.

Prison records show Davis was sentenced Feb. 23, 1960, to 15 years for grand larceny

and being an habitual criminal.

Davis was arrested in Omaha after a chase by police in which shots were fired. Davis' car and the police car collided, and Davis fled on

foot and was finally taken after a struggle.

Packages which a complaining witness said were stolen were found guilty, but the verdict was set aside. He was found from his car were found in guilty again on a second trial.

## Geneva Cuts Down Tutors

...ZONE HELPS 56-46 WIN

By Larry Novicki

A cold-shooting University High team couldn't break a tight zone defense set up by Geneva, and the Tutors dropped their first basketball game of the season, 56-46, Friday night.

Larry Bornschlegl led the Wildcat attack with 22 points before fouling out with 5:16 left.

Charlie Hellerich, boxed in by the collapsing Geneva zone, led the Tutors with 14 points. He tallied only two points in the last half.

Hellerich sent the Tutors to a 2-0 lead in early seconds, but Geneva's Dick Newman tied the score and Bornschlegl sent the Wildcats ahead with a free throw. They never trailed again.

The scoring stayed even in the fast first period with Geneva holding a 17-16 advantage after 8 minutes.

29-23 At Half

In the second canto both teams lost the ball many times without getting a shot off. Geneva managed a 29-23 halftime lead.

After intermission the Warriors came out with a defense that completely shut out Hellerich, the Tutor's main threat.

Unable to move the ball into the middle, Uni High had to shoot from the outside, but no one could find the range.

## Tall Wichita 5 Invading NU Tonight

By Bob McCoy

The Wheatshockers meet the Cornhuskers in tonight's version of the Agrarian Handicap.

No neighbor, it's not horse racing, but basketball at Nebraska's Coliseum.

NU's Cornhuskers host the Wichita Wheatshockers and both clubs will attempt to put more grain in the bin.

Both opened their seasons Thursday night and both were victorious, Nebraska beating Iowa State Teachers

28-68 and Wichita knocking off Wyoming, 70-63.

When they get together tonight at 8:05, Wichita will hold a tremendous height advantage on the Huskers.

Coach Ralph Miller's Shocker starters range from 6-11 center Gene Wiley to 5-11 guard Lanny Van Eman.

In between are 6-6 Ron Heller and 6-4 John Gales at forward and 6-0 Virgil Brady at guard.

Van Eman hit 18 points, Heller 17 and Wiley 11 to lead the Shocker win over Wyoming.

NU coach Jerry Bush, after hearing assistant coach Tony Sharpe's scouting report on the Shocker game at Wyoming and watching Wichita work out at the Coliseum Friday afternoon, said:

"They're big, we knew that all along . . . but they're also rugged under the boards."

"We'll have to shoot over them and really scramble with their big guys if we hope to even stay close."

Bush indicated he'll start the same 5 which carried most of the load against Iowa Teachers.

That'll be Jim Kowalek and Jan Wall at forwards, Tommy Russell at center and Rex Swett and Al Roots at guards.

After tonight, Nebraska rests until next Wednesday when Utah State invades.

## Halfback Punch On AP's All-America ... BELLINO, ATKINS EARN PLACES

By Bob Hoobing

New York (P) — Joe Bellino and Pervis Atkins provide the devastating halfback punch on the 1960 Associated Press All America football team which boasts a line averaging 226 pounds.

The team announced Friday has Mississippi quarterback Jake Gibbs and Ohio State fullback Bob Ferguson in the backfield with Navy's Bellino and New Mexico State's Atkins.

One of the heaviest forward walls in All America

history is spearheaded by Tom Brown, the 224-pound guard who led Minnesota to the National collegiate championship.

Ben Balme of unbeaten, untied Yale is the other guard, with Roy McKasson, the quick-hitting pivot of the Rose Bowl bound Washington Huskies, at center.

Danny LaRose of Missouri and Mike Ditka of Pitt were selected in a particularly close battle at ends. The deciding factor was their versatility, giving them the votes over 1959 All Americas Marvin McKeever and Fred Mau-tino among others.

### Missed Repeat

Another 1959 selection who missed a repeat was Washington quarterback Bob Shiodred. He was sidelined most of the season due to a broken collarbone.

Ken Rice of Auburn and Bob Lilly of Texas Christian, a pair of huge tackles, round out the first team.

The Associated Press All America was picked on the basis of recommendations of 8 regional boards composed of sportswriters and broadcasters.

Bellino, Heisman Trophy winner as the outstanding player of the year, is one of the most elusive runners in modern times.

With many Academy records to his credit, Bellino finished the regular campaign with 110 points, 18 touchdowns, 834 rushing yards, 280 yards on 17 pass receptions, and 5 pass completions for 112. He also kicked for a 47-yard average.

Atkins made New Mexico State's perfect season possible.

The 25-year-old wingback

averaged better than 8 unassisted tackles a game.

Nicknamed "Afterburner," Atkins has been clocked in 9.6 seconds for the 100-yard dash. He was drafted by the professional Los Angeles Rams before his senior year. Gibbs directed the Rebels to an unbeaten, once tied season and the nation's No. 2 ranking.

### Only Junior

The only junior on the first team, Ferguson combined fullback power with exceptional halfback speed.

Lincoln Star Special

St. Louis—Nebraska Wesleyan, short on field goals, took advantage of its many opportunities at the free throw line to defeat Missouri Concordia 58-50 here Friday night.

The Plainsmen were led by a 16-point performance by Ron Gillham who revived from an ice-cold performance Thursday night against Lincoln University.

The Missouri Preachers, in absorbing the licking, suffered their first loss in 20 games on the home maples.

Wesleyan cashed in on 20-28 free throws while the Missourians blundered for a 6 for 16 record at the charity toss.

The Plainsmen were deficient in 3 field goals, but their whopping gifter advantage tipped the scales in their favor.

Daryl Mitchell, 6-4 sophomore, helped to give the Nebraskans a 50-28 rebound advantage.

Tom Faszholtz, high-scoring Preacher, continued his scoring ways, racking up 21 points.

... MAYO 5TH BEST PASSER

Miami, Fla. (P) — Eddie Johns and Nick Ryder brought Miami two 4th-quarter touchdowns Friday night and the Hurricanes defeated the Air Force Academy 23-14 in the final football game of the season for both teams before 29,678 in the Orange Bowl.

Rich Mayo, the Air Force's fine passer, completed his college career by becoming the 5th best passer in collegiate football history. He completed 8 to make his total 316.

Mayo passed 31 yards to Dick Brown to set up the first touchdown of the game. Mike Quinlan went over from the one. Quinlan picked up a bad pass from center on the 10 and ran over the goal line to give Miami a two

point automatic safety in the first period.

Miami moved ahead, 9-6, to open the second quarter. Al Dangel faked a field goal attempt from the 9 and George MacIntyre passed the ball to Bill Miller for the score. Dangel then converted.

In the 3rd Mayo passed to Brown for 18 yards and a score. He added two points on a pass to Bob Brickey.

Johns, a brilliant sophomore from Bovard, Pa., ran 66 yards to the Air Force 6 before Quinlan caught him.

Johns scored on a 4th down and 4 to go situation and passed to Ted Sauselle for two more points. Ryder then ran over from the 6 for the final score.

In all, Johns picked up 177 yards of the 375 Miami gained rushing. The Hurricanes netted 411 yards on the ground and in the air to 230 for the Falcons.

**O-State Uses Same 5 To Beat Uclans**

Stillwater, Okla. (P) — Oklahoma State, playing the same 5 men all the way, won a close one from UCLA Friday night, 64-58, as the two teams opened their basketball season.

Duke is at UCLA in its first California appearance since an unbeaten, untied, unscorched Blue Devil club was beaten 7-3 in the last minute of a dramatic 1939 Rose Bowl game.

To wipe away that stigma, the new edition Devils headed for the Cotton Bowl at Dallas next Jan. 2 — will have to contain Uclan tailback Kilmer, who needs but

UCLA's Billy Kilmer aims for the total offense title from Washington State's Mel Melin.

Virginia appeals again for Santa Claus in a season-closer at South Carolina, regrettably needing but one more loss to match the all-time big school losing streak today in windup day of the regular college football season.

The last time victory—and Santa—said "yes" to Virginia was in the second game of the 1958 season 15-12 over Duke.

The Cavaliers have been caught with their rapiers down 27 times since, including 9 times this season.

To keep these games company, bowl activity gets mov-

ing on its month-long run.

There's the Sequoia Bowl

at Sanger, Calif., with Fresno City College (7-2) against Hartnell (9-1) of California, and the semifinals in the NAIA competition that will fill the berths for next Saturday's Holiday Bowl at St. Petersburg, Fla.

These match 4 of the nation's handiest small college squads, with Whitworth (9-0) playing Humboldt State (10-0) at Eureka, Calif., and Lenoir Rhyne (10-0), runnerup in the final AP small school poll, against Northern Michigan (8-1) in Hickory, N.C.

Needless to say, The Star's Old Pro came out smelling (like a rose, if you please) after last Sunday's round of professional football.

Slickers for the record will take pride in such wisdom as possessed by O.P. A 4-4 won, 1 lost, 1 1/2 tied performance (based on 34 won, 1/2 tied when Cards and Browns each scored 17) is suffice for the sage of the Sabbath.

But O.P. cannot rest on past glory. He must regroup and start over. The Old Pro views this week's games as: "If you're gonna be like Hoppy, you gotta eat like Hoppy... and you gotta get you one of those round sidekicks.

—THREE-TIME RECRUITING LOSER—

## Indiana's Dickens Gets 4-Year Pact

Bloomington, Ind. (P)—Indiana football coach Phil Dickens, a 3-time loser in recruiting investigations, was given a new 4-year contract Friday after posting his first losing season in 13 years of coaching.

Indiana trustees thus put their faith in the former Tennessee star tailback to produce Hoosier football of a caliber to fill—and pay for—a new \$4.5 million stadium.

The salary was not disclosed.

**Alums, Paper Backing**

The new contract was urged by the campus newspaper, the Daily Student, and alumni organizations.

They wrote off Indiana's 1-8 season as a mixture of inabilities, injuries and the psychological blow of severe penalties from the National Collegiate Athletic Association and the Big 10.

Dickens had to sit out his first year as Indiana coach, 1957, after the NCAA found the school guilty of violating recruiting rules.

La Salle's summer, the NCAA again ruled Indiana alumni had made illegal offers to high school football stars and put the school on probation for 4 years, with post-season competition banned in all sports.

**Big 10 Penalty**

The Big 10 followed up with its own investigation, made Indiana games non-counters in conference play this fall, and took away the school's share of television receipts—a \$75,000 blow.

The NCAA penalty hurt the rest of the athletic department worse than the football squad. Indiana has basket-

## 'Amerikanisches Fussballspiel' Set

Frankfurt, Germany (P)—German sports fans are pondering big placards posted around town announcing in big letters "Amerikanisches Fussballspiel."

Underneath these words is a picture of a helmeted American football player charging forward with an oval-shaped ball tucked under his arm.

It is all part of a U.S. Army and Air Force plan to give soccer-loving Germans a chance to see the American game of football Sunday in a championship game called

## Stocks Score Week's First Daily Advance

New York (UPI) — A late rally gave the stock market its first daily advance of the week Friday.

The advance, which brokers described as largely a technical rally, snapped a string of 3 straight declines on average. Gains and losses, from fractions to about a point for key issues included in popular averages, but a few selective issues ran far ahead of the market in active trading.

Besides a slight increase on average, stocks enjoyed a 548.62 edge over bonds, ending at 1,223.13. The difference between new 1960 highs and lows was narrowed to 20 highs against 49 lows, contrasted with a 38-60 gain Thursday.

The gain in the Associated Press 66-stock average was 0.40, leaving it at 214.10. Bond issues rose 0.09, ending at 214.10.

The Dow Jones average of the industrial issues rose 0.60.

Volume for the day totaled 3.14 million shares up from 3.09 million Thursday.

American Stock Exchange prices were mixed, with 1,000 stocks up and 900 down.

U.S. government bonds were mostly higher and corporate bonds ended lower.

Bond volume rose to \$6.16 million per value from \$5.16 million Thursday.

**Heavy Hog Sales Bring Price Dip**

Omaha (UPI) — Hog receipts were fairly liberal Friday and butchers declined 25 to 50¢.

Fat cattle supplies were too small to test prices. Fat lambs were scarce.

**OMAHA**

Hogs: 6,000; barrows and gilts 190-240 lbs; mostly 25 lower; heavier weights and sows generally 25-50 lower; instances to 100. No. 1 and 1-2, 200-230 lbs. 17-23. No. 2, 190-200 lbs. 17-22. No. 3, 180-190 lbs. 16-17.50. 25-27.20 lbs. 16.50-17.25; sows 270-310 lbs. 15.75-16.00.

Cattle: 600; calves 125; steers and heifers virtually absent; cows about steady, but not enough sales to test prices.

Sheep: 200; not enough sheep and lambs to test prices.

**CHICAGO**

The largest breeding supply for any Friday this year went on sale and all demand was good, prices sagged only 50 cents a head.

About 1,000 head of 192-225 lb. weights brought the \$15.25 top, off 50 cents from Thursday's peak. Other similar lots were at \$14.50 and up, with heavier weights down to \$13. Some cleared at \$13.16.

The meager supply of slaughter steers moved at quotable steady prices. A few choice steers at \$27.50, the good and low choice at \$25.25-26.50.

Heifers, vealers and bulls were steady. The best buyers offered graded good and moved at \$24.50 and up, while vealers and bulls at \$24.50, utility and commercial bulls at \$24.50.

The heavy supply was too small for a test of any one class. A few mixed good and choice to mostly choice slaughter lambs at \$15.17-15.50.

Heavy lambs, 90-100 lb. mostly active, selling at \$15.50-16.50.

Light lambs, 70-80 lb. mostly active, selling at \$15.50-16.50.

Calves: 1,000; calves 100; all classes steady, choice 1.75 lbs steer, 27.50; good to low choice 1.000-9.200; 25.50-26.50; good 857 lb. heifers, 24.00; good and choice vealers 21.00-24.00; good and choice lambs 21.00-24.00; choice for market test; few sales lambs steady; mostly choice 90-100 lb. wooled lambs 17.00-17.50; good and choice 15.00-17.00.

An alphabet is just a collection of letters . . . until you put together the right combination of letters to make words. Take seven of those letters, for instance . . . you can use them to spell "W-A-N-T A-D-S". And it's just as easy to use a Want Ad as it is to spell it!

A phone call to GR 7-8902 (ask for Want Ads) connects you with a friendly ad-taker who will help you word an ad to sell those things around the house you no longer need or use. And when your ad appears in the Journal and Star Classified Section, you're in business. Want Ad readers are buyers . . . they're looking for the things you are advertising . . . and they're willing and even anxious to pay you cash for them.

Want Ads are one of the easiest, most inexpensive means to extra cash in your pocket or purse. Use them often. It's so easy that if you can spell "W-A-N-T A-D" you can use the Journal and Star Want Ads . . . successfully!

#### EDWARD ON TOUR

Washington (AP) — Edward M. Kennedy, younger brother of John F. Kennedy, left for a 15-day tour of Africa after which he will report back to the president-elect.

Washington (AP) — Gov. Nelson A. Rockefeller still wants part in GOP leadership.

The New York governor did so in the face of a second statement by President Eisenhower—this time with Rockefeller present—that Nixon should be regarded as the party's leader in the next 4 years.

Ordinarily the man a party nominates for president is looked on as the party's leader even if he loses the election. But Rockefeller refuses to go along with that, declaring instead for a collective leadership.

Nixon, who ran Kennedy a close race, commented: "I'll have to do that myself some time."

Reporters overheard the exchange but detected no particular wistfulness on Nixon's part nor any hint that Rockefeller might be dreaming of the possibility he will some day face the inauguration ceremony stands himself.

He has announced for re-election to the New York governorship in 1962, but has declined to say whether he'll try again in 1964 for the Republican presidential nomination.

# New Budget Leader Not One To Miss Strides

By Fred S. Hoffman

Washington (AP) — Tall, unassuming David E. Bell indicated Friday he'll hardly miss a stride in moving from the relatively cloistered academic atmosphere at Harvard into the demanding job of shaping the Kennedy administration's budget.

No ivory tower type, the 41-year-old Bell told reporters "I've spent more time in operating government jobs than in education, and I have enjoyed both."

This was a few hours after president-elect John F. Kennedy — with 6-foot-4-inch Bell towering over him — announced from the steps of his Georgetown home that the Harvard specialist in public administration would be his budget director.

**Familiar Ground**

For Bell, it was a return to familiar ground when he rode

over to the Budget Bureau to lunch with the man he will supplant, Eisenhower administration budget chief Maurice Stans.

Eighteen years ago, the North Dakota-born Bell went to work in the lower echelons of the Budget Bureau in the Franklin D. Roosevelt administration. After a couple of wartime years in the Marines, he returned to the budget staff, this time under President Harry S. Truman.

It was here he got his basic training for the \$22,500-a-year job he will undertake after Jan. 20 — wrestling with an 80-billion-dollar-a-year federal budget.

**Nice Guy**

Some veteran employees of the bureau recall him as an "awfully nice guy."

Before the Eisenhower administration took command, Bell served for a time as a

White House aide to Truman. In fact, it was Clark Clifford — Truman's special counsel and now Kennedy's liaison man with the outgoing administration — who recommended Bell for the budget director's post.

**Just Met**

Although Harvard-educated Kennedy has made liberal use of Harvard professors as advisers, he never had met Bell until Wednesday night at Kennedy's home here.

Joining the Harvard faculty in 1957, Bell has been secretary of the university's Literature Center for Public Administration since July 1959.

Chatting with newsmen

Friday, Bell said he wanted to set the record straight on his current title — "It's neither professor nor doctor's mister."

**Informal**

For his first official visit to

Stans, Bell turned up informally dressed in brown loafers and a light gray suit.

A rapid talker, the blue-eyed Bell is slender with slightly stooped shoulders. His close-cropped light brown hair is touched with gray and thinning at the temples.

Kennedy's inauguration day — Jan. 20 — will be Bell's 42nd birthday. After spending his first 5 years at Jamestown, N.D., he moved with his family to Palo Alto, Calif. A graduate of Pomona College, he received his master of arts degree from Harvard.

**Family**

With his wife Mary and two children — 16-year-old Susan and 12-year-old Peter — Bell now makes his home in Cambridge, Mass., seat of Harvard.

Posing with Stans for news pictures, Bell showed he al-

ready is thinking in big numbers.

One photographer, trying for a shot of the two in deep conversation, prompted Bell: "just say 1, 2, 3, 4."

"Forty-five billion," Bell shot back with a twinkle.

**Magnuson Wins Recount Of Votes**

Seattle (AP) — A recount in Washington's 7th district congressional contest ended Friday with Democratic Rep. Don Magnuson still the winner by 139 votes over Republican John Stender.

Stender was ahead in the unofficial returns but errors found during the official canvass put Magnuson in front by 116 votes. Republicans then requested the recount.

County Auditor Robert Morris said he now would certify Magnuson the winner.

### Going To Belgium

Elizabethville, The Congo (AP) — Pro-Belgian President Moise Tshombe of secessionist Katanga Province plans to arrive by air in Brussels next Monday at the invitation of the Belgian government. He is expected to be decorated by King Baudouin.

## COUNTY PENSION PLAN FOR EMPLOYEES STUDIED

A pension plan for county employees is under study by the Lancaster County Employees Assn.

Association president Harlan Kendle said data on the names, ages and annual income of all county employees is being compiled as a first step.

This information, he said, will then be given to various insurance companies for use in working up proposals to present to the association.

Kendle said it is hoped a pension of \$100 montly starting at age 65 can be worked out.

**Equal Contributions**

Kendle said tentative plans would call for equal contributions from the employee and from the county toward the employee's pension. He noted it probably would require an appropriation from the county to start the plan.

Proposals from insurance

firms on the types of plans available will be presented to a meeting of the association,

Kendle said. He said the meeting probably will take place in January or February.

The City Council in August appropriated \$40,000 to establish a retirement plan for city employees. Details of the plan are still being worked out.

Statehouse employees also reportedly are studying the establishment of such a pension plan there.
